

Desalegn Getachew

Software Engineer | Graphics Designer

I graduated from Bahir Dar University with a degree in Software Engineering in July 2023. I have a passion for coding and design, always striving to bring 100% to my work. Proficient in Java script PHP, CSS, Flutter, Tailwind, Bootstrap, Vue js and Figma, and other languages. And I am also proficient in adobe suite tools like adobe photoshop, Priemer, InDesign, illustrator, Audion and after effect. I've crafted graphics for web applications, YouTube thumbnail and banners, enhancing my experience in graphic design and content creation. I am enthusiastic about creating diverse graphics and content. for more: dessalegn.netlify.app
